The new American liner St. Louis satied from New York for England last month, carrying the mails. This trip of the steamer imaggrates a postal contract with the United States Government that will get her owners 8644,800 a year for the ten years for which the agreement will hold good. These figures were given on the basis of one trip to Europe each week by one of the company's steamers, the St Louis, St Paul, Park on New York.

The following item may prove interesting to boatmen who keep track of all cases of snicide by drowning in the bay and then keep a lookout for "floaters" that they may get a fee from the coroner's office. In taising a drowned body a French-Canadian proceeded in this way: he supplied himself with some glass gailou jars and a quantity of unslacked lime and went in a boat to the place where the man was seen to go down. One of the jars was half filled with line and then filled with water and tightly corked. It was then dropped overboard and soon after exploded at the bottom of the river with a lond report. After the third trial, each time at a different place, the body rose to the surface.

#### The Spiteful Stone and the Agile Athlete.

An expert bicyclist, while in training for a great race, was attempting to break speed records on Alakea street one day, when he ran over a stone in the road, which, resenting the insult, very promptly sumsaed up the wheel and caused its rider to plow up the subsoil with his face, finally landing him in the midst of a

microbe-infected ditch. Crawling out of the mire and scraping some of the slime from his tace with his fingers, the nerobat remarked: "That's the third time I've run up against a Honolulu bluff and got skinned. I believe I'll quit gambling.

The undersigned, L. C. Ables and H. P. Walton, purchased from Charles J. Wagner, the inventor of Peerless Preserving Paint, the exclusive right to manufacture, use and sell the Peerless Preserving Paint in the Hawaiian Islands.

Patent for Peerless Preserving Paint On the 26th day of September, 1895, the Republic of Hawaii granted to L. C. Ables and H. P. Walton, a patent No. 110, granting them the exclusive right to make, use and vend Perriess Preserving Paint throughout the Hawaiian Islands.

Trade Mark for Peerless Preserving Paint.

The Republic of Hawaii has also granted to L. C. Ables and H. P. Walton the exclusive use of the words PERRIESS PRESERVING PAINT as a trade mark throughout the Republic of Howaii for the term of 20 years.

Certain parties in San Francisco have recently been sending to Honolniu under the name of Peerless Priserving Paint a spurious article not only inferior to the genuine paint, but one which is positively injurious to any metal to which it may be applied.

Beware of Fraud. We hereby warn all persons against being defrauded into using any but the genuine Perless Preserving Paint, which can be obtained only of Ables and Walton.
